AUTOMATED ANALYSERS

• SELECTRA ProXS

- Throughput : up to 75 photometric tests/hour
- STAT capability
- Disposable cuvette rotor with 48 cuvettes
- 30 reagent positions / 25 sample positions

• SELECTRA ProS

- Throughput : up to 133 photometric tests/hour
up to 333 tests/hour with ISE
- STAT capability
- Washing station for cuvette rotor with 48 cuvettes
- Water consumption 1L/hour
- 30 reagent positions / 25 sample positions
- Positive Sample Identification (PSID option)
- ISE module (option)
- Integrated touchscreen PC

• SELECTRA ProM

- Throughput : up to 180 photometric tests/hour
up to 360 ISE tests/hour with ISE
- STAT capability
- Washing station for cuvette rotor with 48 cuvettes
- Water consumption 0.5 L/hour
- 32 reagent positions / 62 sample positions
- Positive Sample Identification (PSID option)
- ISE module (option)
- Integrated touchscreen PC

• SELECTRA ProXL

- Throughput : up to 360 photometric tests/hour
up to 540 ISE Tests/hour with ISE
- STAT capability
- Washing station for cuvette rotor (2) with 48 cuvettes (total 96)
- Water consumption 1 L/hour
- 64 reagent positions / 110 sample positions
- Positive Sample Identification (PSID)
- ISE module (option)
- Integrated touchscreen PC

SEMI-AUTOMATED ANALYSER

• MICROLAB 300

- Simplicity of operating
- Superior optical design
- On-board Quality Control

WHO WE ARE

ELITechGroup is a leading provider of high-value diagnostic solutions to laboratories that are closer to the patient.

ELITechGroup comprises the following product lines:

- Clinical Chemistry Systems
- Molecular Diagnostics
- Microbiology

ELITechGroup has become a significant player in the worldwide IVD market:

- Headquarters in Paris, with strong European and US presence.
- Direct subsidiaries in France, Italy, UK, Benelux, Brazil, North America, Australia, New-Zeland and Serbia.
- Serves customers in more than 100 countries.

OUR CLINICAL CHEMISTRY SYSTEMS

ELITechGroup Clinical Systems, with manufacturing operations in France and The Netherlands, is a global leader in BenchTop Chemistry analysers.

Our family of scalable systems is designed around the BenchTop laboratory's most important needs.

Robust, trouble-free performance comes from decades of refined designs and continued innovation, in both instrument and reagent technologies.

In Vitro diagnostic medical devices : read carefully information available on labelling and/or on the instructions for use and/or in the user manual
